General Instructions

Use these instructions to complete the Third-Party Export Request form.

Purpose of this form: This form is required to authorize Axos Advisor Services to export your client and account data to an individual or third-party vendor.

All fields are required unless noted. All fields are required unless the form designates a section or entry as 'optional'. 'Optional' indicates the section or entry is an optional service or feature. By entering information in an optional section or entry, you are choosing to participate in the service or feature.

You must complete all required fields to expedite processing and to avoid requests for additional information.

Print or type all entries. To type entries, a fillable PDF of this form can be found online at axosadvisorservices.com.

SECTION 2: Requestor

Enter the information for the requestor. This person will be contacted if additional information is needed to complete the request. An email address must be provided to receive email notification of completion.

SECTION 3: Request Type

Select the type of request needed; New Setup, Change or Delete.

- **New Setup:** Establish a new export. Select the New Setup option and indicate the desired vendor in Section 6, "RECIPIENT"
- **Change:** Change an existing vendor export. Select the Change option and explain the type of change needed in Section 5, 'Special Instructions'.
- **Delete:** Stop an existing vendor export. Select the Delete option and indicate the vendor or software in Section 6, 'RECIPIENT'

SECTION 4: Accounts

Select the type of accounts that should be included in the export; Investment Advisor Accounts, Client Representative Accounts or Broker/Dealer Accounts. If your export request is for accounts other than what is listed below, specify your request in Section 5, "Special Instructions."

- **Investment Advisor Accounts:** Enter the name of the Investment Advisor and only those accounts associated with this Investment Advisor will be included in the export.
- **Representative Accounts:** Enter the name of the Representative and only those accounts associated with this Representative will be included in the export. An email address must be provided to receive email notification of completion.
- **Firm Accounts:** Enter the name of the Firm and only those accounts associated with this firm will be included in the export.

SECTION 5: Special Instructions (optional)

If you are in need of special considerations such as; a change to an existing export, accounts other than Investment Advisor, Client Representative or Broker/Dealer accounts, or are in need of sending account data to a party that is not currently listed in Section 6, describe your request in this section. Reference other sections in this form needed to support this request.

SECTION 6: Recipient

- **Vendors and Software.** Select a vendor where you want your client and account data to be exported. If you would like your account data to be sent to a vendor that is not listed, provide the requested vendor (and version if applicable) along with a contact name and phone in section 5, "Special Instructions." Axos Advisor Services will make a reasonable effort to provide an export. Some third-party software will not be supported. In these cases, your request will be recorded for future consideration. Any such requests remain subject to the terms of the Vendor Data Transfer Agreement.
- **Direct Integration vs. File Exports.** Axos Advisor Services exports client and account data to vendors via the following methods; integration and file exports. Integrations allow client and account data to be transferred real time from Axos Advisor Services, to the vendor. File exports contain client and account data and are sent to vendors who are set up to receive Axos Advisor Services file exports.
 - Integration vendors are; Amplify, Docupace, MoneyGuidePro, Redtail, Nitrogen and Orion.
 - Integrated vendors that also receive Axos Advisor Services file exports: Amplify, Redtail and Orion.
 - All others listed in Section 6, receive Axos Advisor Services file exports only.
- **File Exports: Frequency.** Vendors who receive file exports from Axos Advisor Services are sent a file of account data, daily, weekly or monthly. Frequency is determined by you and/or the vendor or software. File exports contain data up to the end of the day, prior to the export delivery date.
 - Daily. Files sent every day, including holidays. Files contain the previous day's data.
 - Business Day Only Files – Sent Monday through Friday, excluding Holidays. Files contain previous day's data. Monday files include Friday, Saturday and Sunday data.
 - Weekly. Files are Thursday to Wednesday. Files contain the previous seven days of data.
 - Monthly. Files sent on the first of every month. Files contain the prior month's data.
- **File Exports: Axos Advisor Services Account Numbers or Prior Account Numbers.** File exports contains Axos Advisor Services account numbers. If prior custodian or portfolio management account numbers are needed, specify your request in section 5, 'Special Instructions'. If you elect to receive account data with prior account numbers and a prior account number does not exist for an account, an Axos Advisor Services account number will be provided. Definitions: An Axos Advisor Services account number is assigned by Axos Advisor Services to an account during the account opening process. A prior account number is an account number assigned by a prior custodian or portfolio management system to an account. This number was either imported during a conversion to Axos Advisor Services or was input directly by an advisor.
- **File Exports: Configuration options.** Where noted in Section 6, some vendors and software offer these configuration options.
 - By Account or By Model: Black Diamond, CircleBlack, Smartoffice – Ebix CRM, eMoney, Orion, Principia CAMS, Portfolio Center and TechFi Port 2000 ONLY.

accept file exports by either Account or Model. All other vendors accept account level file exports only. Note: Account level export files combine all model portfolios in the account. A model level export file takes accounts with multiple Axos Advisor Services model portfolios and converts them to multiple accounts on the file.

- By Settlement Date or By Trade Date: All file exports (except Black Diamond) are based on settlement date. Black Diamond's file export is based on trade date. Settlement date export files show the transaction when the trade settles. Trade date export files show the transaction on the day the trade occurs, which is prior to settlement.

Acknowledgement

Investment Advisor Signature: An authorized party of the investment advisor must sign the export request form and the enclosed Vendor Data Transfer Agreement.

Scan and email the form to your Client Services Advocate.
