<b>Deferred Installment Debt</b>	<p>Deferred installment debts must be included as part of the borrower's recurring monthly debt obligations. For deferred installment debts, other than student loans, if the borrower's credit report does not indicate the monthly amount that will be payable at the end of the deferment period, copies should be obtained of the borrower's payment letters or forbearance agreements, so that a monthly payment amount can be determined and utilized in calculating the borrower's total monthly obligations.</p> <p>Deferred student loan payments will not be included as a recurring monthly expense unless repayment begins within 12 months of the conditional approval date.</p>
<b>Depository Accounts</b>	<p>Funds held in a checking, savings, money market, certificate of deposit, or other depository accounts may be utilized for the down payment, closing costs, and financial reserves. <b>Foreign Credit Reports and Credit Scores</b>	<p>It is appropriate to use a credit report from a foreign country to document a borrower's credit history. If a foreign credit report is not available, request 2 alternative credit references. If the reference is not in English, it must be translated by a certified translator.</p> <p>If fewer than 2 alternative trade lines are available, the underwriter should carefully evaluate the borrower's credit depth to determine qualification. Credit outside the U.S. may not meet the same standards as credit within (many Countries do not extend revolving credit to borrowers). Consequently, letters of reference regarding banking relationships may be utilized to help determine qualification.</p> <p>A zero "0" credit score is used in the absence of a credit score for an NRA borrower and not an exception to a minimum credit score requirement. The underwriter may utilize alternative methods to document satisfactory evidence of borrower history to repay debt obligations in this circumstance</p>
<b>Foreign Income</b>	<p>If a borrower (U.S. Citizen, Permanent Resident Alien or Non-Permanent Resident Alien) is employed by a foreign company, U.S. tax returns to support the foreign tax credit must be obtained.</p> <p>U.S. citizens, PRAs and NPRAs may NOT qualify solely on foreign tax returns.</p> <p>Additionally, foreign tax returns, if applicable, may be required at the underwriter's discretion.</p> <p>A 25% Discount for Foreign Currency Conversion Risk is applied to calculated qualifying monthly income.</p>

	<p>When funds from retirement accounts are used for reserves, it is not required the funds are liquidated. If the retirement assets are in the form of stocks, bonds, or mutual funds, the account should be discounted by 30% for potential tax liability. In addition, if the borrower is not at retirement age (typically 59 ½) and will be assessed an early withdrawal penalty, that penalty (10% unless confirmed otherwise) should be added to the discount for a total discount of 40%. If the borrower is at or above retirement age, the additional 10% penalty need not be applied.</p> <p>To be considered as effective reserves, retirement accounts should be vested and allow for withdrawals regardless of current employment status.</p>
<b>Revolving Debt</b>	<p>If no monthly payment is indicated or if other forms of verification are not provided, payments of five percent (5%) of the outstanding principal balance on the account will be projected. #### Helpful tips for successful use of the Optimal Blue interface.

1. Rate changes: If your loan is “Approved” you will not be able to make changes to the rate through the Optimal Blue interface. Rate changes on approved loans will need to be reviewed by the underwriter to ensure the DTI increase does not affect the overall eligibility of the loan. If you need to make a change please contact your

Account Manager, the Lock Desk, or your Account Executive to initiate the change request. Changes are generally completed very quickly for most cases.

2. Required fields: Please review the required fields thoroughly. Your loan approval will note whether your loan was approved with Asset Depletion, Pledged Assets, or Cross Collateralization. Please make sure to select yes or no for these questions as you will not be able to move forward without answering
3. Comp plans: Please make sure to select the appropriate comp plan for your loan. If you are a Wholesale Broker you will have the choice of Lender Paid or Borrower Paid compensation. Please make sure to select the correct comp plans as there is a large pricing difference between the two plans. Correspondents will always choose "borrower paid" in the comp plan selection.
4. If you have questions or need help please email [lockdesk@axosbank.com](mailto:lockdesk@axosbank.com).
